CAREER OBJECTIVE

Computer Science Engineering student with an interest in **Cybersecurity and Application Security**, with hands-on experience in **Python, Streamlit, AI/LLM application development, and Git/GitHub**. Interested in building secure applications and developing practical cybersecurity skills through projects, training, and continuous learning.

EDUCATION

B.Tech – Computer Science & Engineering

Malla Reddy Engineering College for Women, Hyderabad | Semester 3 | CGPA: [Add CGPA]

Class XII: 917/1000 **Class X:** 9.3 CGPA

TECHNICAL SKILLS

- **Programming:** Python
- **Web Technologies:** HTML, CSS
- **AI/LLM:** LLMs, Prompt Engineering, AI Application Development
- **Tools & Frameworks:** Streamlit, Ollama, Llama 3.2
- **Version Control:** Git, GitHub
- **Cybersecurity:** Cybersecurity Fundamentals

PROJECTS

InfluenceLens AI

- Developed a Streamlit-based application for analysing influencer content and product claims.
- Focused on Skincare & Beauty, Health & Supplements, and Food & Beverages.
- Implemented evidence-based signals to assess content credibility and identify potentially misleading claims.

AI Chatbot

- Built an AI chatbot using Python, Streamlit, and Ollama.
- Integrated the Llama 3.2 model for conversational interaction.
- Developed and deployed the application using Streamlit.

TRAINING & CERTIFICATIONS

- **Cisco – Introduction to Cybersecurity**
- **AI Full Stack Development Training** – Hands-on AI application development

ACHIEVEMENTS & EXPERIENCE

- Participated in HackwithHyderabad 3.0 with **Pulse**, an AI-based organizational memory and incident-support project.
- Contributed to the UI/interface development of the project.

AREAS OF INTEREST

Cybersecurity • Application Security • AI/LLM Security • Secure Application Development
